

# Baby carrycots and child seats

Please note:

- the pictures show examples. Variations in colour and design will occur.
- the front passenger seat (next to the driver) will have an airbag, normally not possible to turn off in motorhomes. Placement of rear facing carrycots there is therefore not possible. Also remember that children under 140 cm not should travel in the front passenger seat, due to the airbag.
- motorhomes normally only have 2 point safety belts rear facing. It is therefore very important that the child seat is officially approved for mounting this way. We use the Britax Two-Way chair, which is approved and very safe.
- though not a law in the Nordic countries, it is *strongly* recommended by the Nordic authorities, that children travel rear facing up to 3 years of age, or up to 15 kg.

Example:  
Rear facing  
5 point child safety belt inside cot  
Carrycot fixed by adult 3 point  
safety belt.  
For children from birth to 13 kg, or  
one year of age.

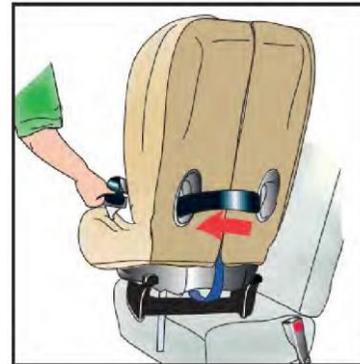

Example:  
Front facing  
5 point child safety belt inside cot  
Carrycot fixed by adult 3 point safety  
belt  
For children from birth to 13 kg, or one  
year of age.

Example:  
Front facing  
5 point child safety belt inside chair  
Chair fixed by adult 3 point safety  
belt.  
For children from one year of age  
or 9 kg to 25 kg

# How to attach the chair with 3 point belt (front or rear facing, 9-25 kg)

Example:  
Rear facing  
5 point child safety belt inside chair  
Chair fixed by adult 2 point safety  
belt.  
For children from one year of age  
or 9 kg to 18 kg

Britax Two-Way

# How to attach the chair with 2 point belt (note: only rear facing, 9-18 kg)

Example:  
Front facing  
Booster seat  
3 point adult belt  
For children from 4 years  
to 140 cm

Example:  
Rear facing  
Booster seat  
2 point adult belt  
Note: the only reason to put a  
booster seat here is to make the  
child sit higher to see more.

Example:  
Front facing  
Booster seat with back  
support  
3 point adult belt  
For children from -4 years  
to 140 cm

Example:  
Rear facing  
Booster seat with back  
support  
2 point adult belt  
For children from -4 years  
to 140 cm
